

Innovation Lift
SCANDINAVIA AB

ILS 1K

We can, we do and we do it smarter

A New Standard of Innovation and Quality

The **ILS 1K** is a display of pure craftsmanship and ingenuity, with a strong load capacity of 1000kg packed in a nice, clean Scandinavian design. What really separates our product from the competitors is the self-designed construction, which allows for low installation costs, highest possible flexibility and much more.

- ◆ 55 different platform sizes to choose from and a shaft pit of only 110mm means we can always offer you a lift that fits exactly to your building.
- ◆ Every **ILS 1K** comes with a full height platform back in a modern design, which also provides you with correct lighting during your ride.
- ◆ A fantastic design and construction for an easy and quick installation of only **2-4 days!** Plug n´ play all the way through.
- ◆ Competitive material prices together with the low installation costs make the **ILS 1K** to one of the *best priced lifts* on the market.

Thanks to our great design, our strong construction and our flexibility, **ILS 1K** fits into all environments, both public and industrial. Hospitals, care homes, arenas, schools, offices, workshops, furniture stores etc. Everywhere where high quality, design, space and lifting capacity are crucial aspects.

Fantastic loading opportunities are provided in every situation by the wide doors that come fully glazed as standard. As an alternative you can of course have the fire rated EI60 doors. All our push buttons are with both tactile and braille text.

Other possible options include: phones, different choices of flooring, locking, voice announcement, automatic door openers, level indicators, arrival bell, glazed shaft panels, lift painted in other RAL colors, elbow buttons, a mirror and more. See next page for examples.

A lift from **Innovation Lift Scandinavia AB** is an investment for an easier and more comfortable everyday life, for a new standard of innovation and quality.

We can, we do and we do it smarter!

Customization of Every Detail
